| THIS IS UNEVALUATED INFORMATION | | | |
| <p><u>This report is the result of a joint collection effort by the Air Force, Navy, the Army and CIA and is disseminated in accordance with the provisions of NSCID #7.</u> 25X1</p> <p>ARMY review completed. Release as</p> <ol style="list-style-type: none"> The signal component in an artillery regiment is composed of nine signal officers; about 110 signalmen (NCO's and EM); 15 R#10 and 15 R#20 radios; 4 K-10 telephone switchboards; 40 to 50 km of field telephone wire; 20 TTK field telephone sets, and 4 trucks. <u>See organizational chart, described at end of report, for more details.</u> The artillery regiment at Petofi Kaserne in Zalaegerszeg had an artillery training center where signal communications were taught. <u>See "On File" notice at end of report for layout of the kaserne.</u> There was a radio operators' class with 15 students and a switchboard operators' class with 32 students. The radio class taught Morse code, sending and receiving, as well as basic radio maintenance. Classes were held three hours a day, six days a week. In addition, students had to attend classes in map reading, chemical warfare, firing techniques, physical training, reconnaissance, etc. The switchboard class mainly used the K-10 and K-20 switchboards. Three NCO's instructed this class. Radio and telephone switchboard courses lasted 10 months. Headquarters of the 31st Rifle Division (PF#471) is located in Szabadsag Kaserne near Keszthely. This division has four rifle regiments located in the following places: Zalaegerszeg, Petofi Kaserne, PF #5017; Lenti, PF #5883; Polgardi and Marcali. The commanding officer of the 31st Rifle Division is Lieutenant Colonel Fejes Lajos, a member of the Communist Party. <p>classified CONFIDENTIAL, are these attachments:</p> <ol style="list-style-type: none"> Chart showing signal components of artillery regiment in the 31st Rifle Division. Layout sketch of the Petofi Kaserne, Zalaegerszeg. <p>-end-</p> <p>C-O-N-F-I-D-E-N-T-I-A-L</p> | | | |
